Introduction

This Public Sector Investment Programme (PSIP) 2023/24 – 2025/26 sets out a three-year rolling strategic investment plan for public sector projects, programmes and schemes that reflect national priority areas for development and identifies the potential financing sources.

Coverage

The PSIP covers capital projects, programmes and schemes that are financed from –

- (a) the Consolidated Fund;
- (b) Special Funds, set up under the Finance and Audit Act; and
- (c) State-Owned Enterprises (SOEs) own funds.

These projects are executed by –

- (a) Ministries, Departments and Parastatal Bodies;
- (b) Local Authorities;
- (c) Rodrigues Regional Assembly; and
- (d) State-Owned Enterprises (SOEs).

These constitute the PSIP for the three years 2023/24 to 2025/26.

With the aim of providing greater visibility to investors, the PSIP document also provides an indicative list of public projects which are being prepared and are planned to be financed and executed by the private sector through alternative financing modes including Public-Private Partnership (PPP) mechanism.

Furthermore, the PSIP document also provides a list of project proposals that are at early stages of their life cycle, for which funds are earmarked in the Consolidated Fund for preparation only. These projects, once ready for implementation, will integrate the PSIP as and when financing is available.

Structure of the PSIP Document

The PSIP document is structured as follows –

Introduction: Provides an overview and analysis of the three-year PSIP;

Part A: Sets out the projects, programmes and schemes that are financed from the Consolidated Fund, Special Funds and SOEs' own funds;

Part B: Provides an indicative list of public projects which are planned to be financed and executed through PPP arrangements as well as other potential projects that can attract private sector funding;

Part C: Provides a list of projects that are earmarked for preparation and will integrate the PSIP once ready and financing is identified; and

Part D: Describes the framework for following up and monitoring of implementation of projects and other Budget measures.

Three-Year Investment Plan 2023/24 to 2025/26

Over the next three years 2023/24 to 2025/26, total planned PSIP in Economic and Social infrastructure will be around Rs 146.2 billion, of which Rs 49.0 billion relates to FY 2023/24.

Table 1 below provides a summary of the components of the PSIP 2023/24 to 2025/26.

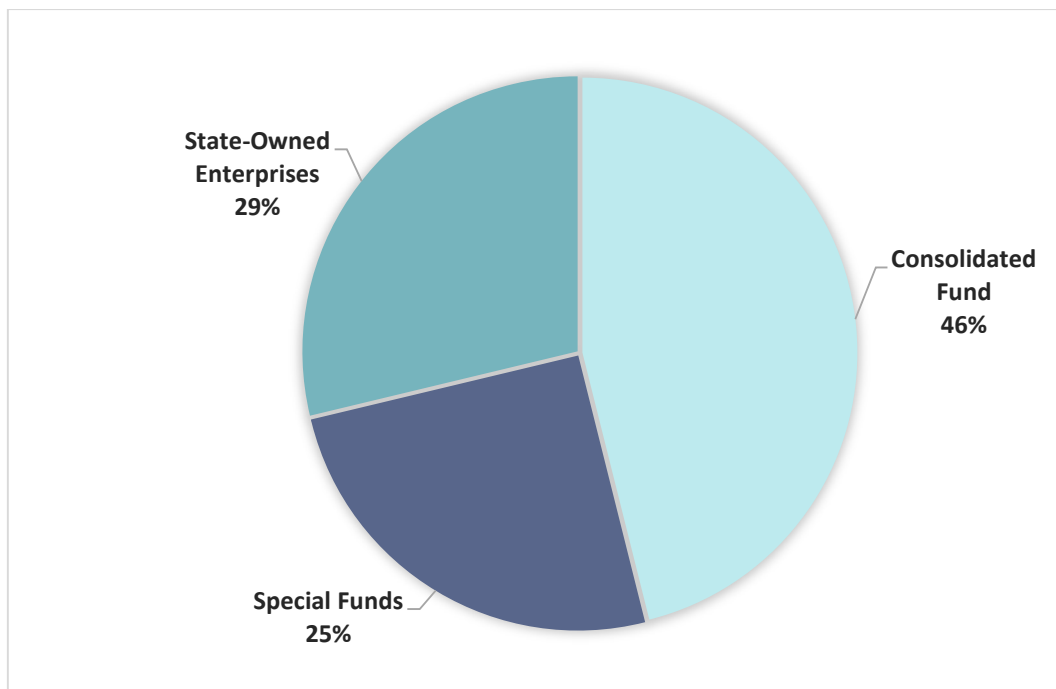

Table 1: PSIP 2023/24 - 2025/26

				Rs Million
Details	Estimates 2023/24	Planned 2024/25	Planned 2025/26	3-Year Total
Consolidated Fund	19,347	23,074	24,783	67,203
Special Funds	16,263	12,914	7,931	37,108
State-Owned Enterprises	13,393	17,886	10,633	41,912
Total PSIP	49,003	53,873	43,347	146,223

3-Year PSIP by Sources of Financing

Around 46% of public investment will be financed from the Consolidated Fund, 25% from Special Funds and 29% from SOEs' own funds.

Figure 2: PSIP by Sector

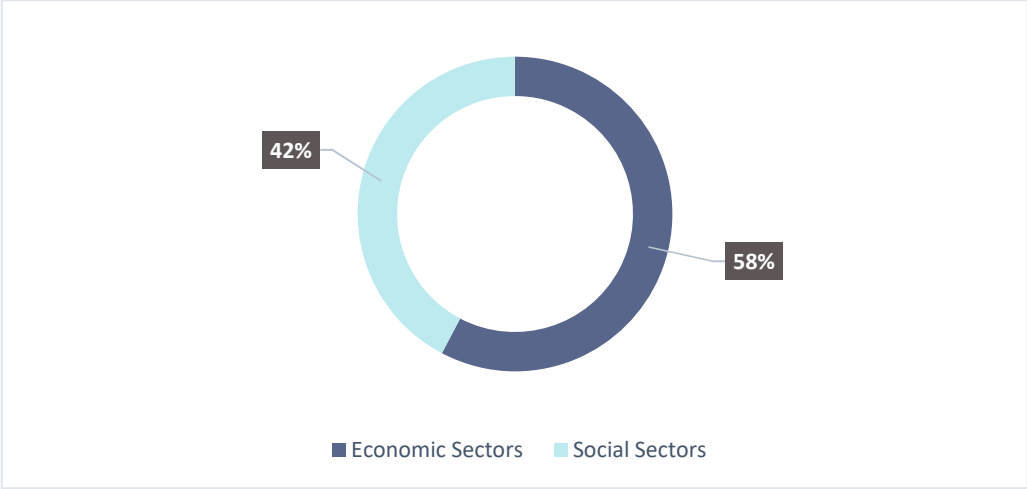

Figure 3: Investment in Economic Sectors (2023/24 – 2025/26)

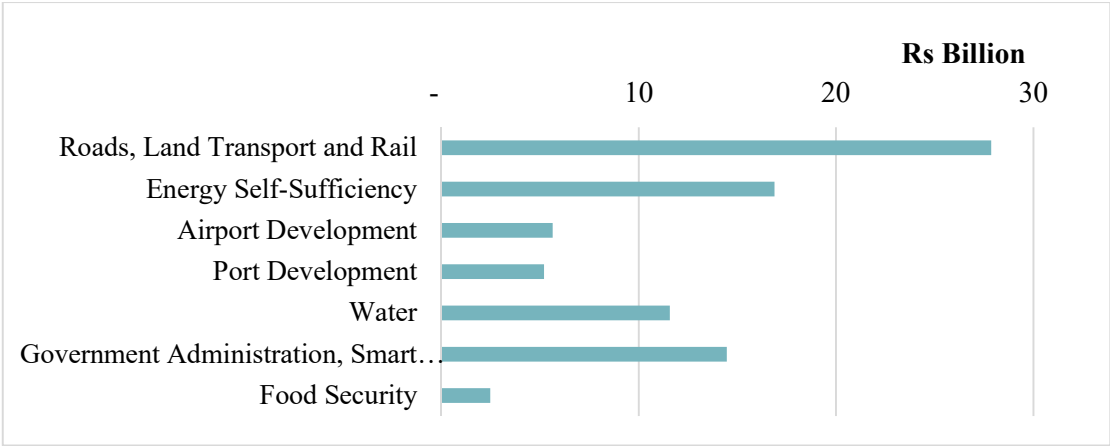

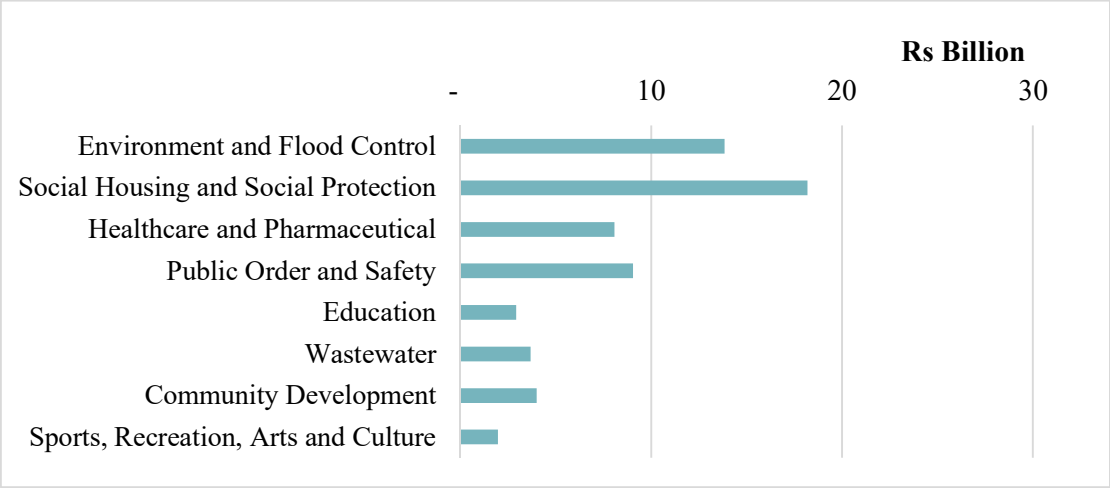

Figure 4: Investment in Social Sectors (2023/24 – 2025/26)

3-Year PSIP - Major Projects in the Economic Sector

Food Security Programme (Rs 2.4bn)

Agriculture

1. Setting up of a state-of-the-art and modern sugar storage facility
2. Accompanying measures to restore abandoned cane land
3. Development – Smart Innovation through Research in Agriculture (DeSIRA) Initiative
4. Goat and Sheep Reproduction Farms (Salazie)
5. National Wholesale Vegetables Market
6. Heifer Farms (Melrose)
7. Upgrading of Slaughterhouse (Rodrigues)
8. Setting-up of Bio Farming Unit

Fishing

1. Scheme for Purchase of Semi-Industrial Fishing Boats
2. Off Lagoon Fishing Scheme for purchase of Canotte
3. Upgrading of Hatcheries at Albion Fisheries Research Centre
4. Installation of Navigational Aids

Blue Economy

1. Acquisition of Multi-Purpose Cargo Vessel (MSCL)
2. Acquisition of Global Maritime Distress and Safety Equipment

Energy Self-Sufficiency Programme (Rs 16.9bn)

1. Renewable Energy Projects (Wind, Solar, Biomass, Wave and Battery Storage)
2. Solar PV Projects on roof tops of public buildings and marginal Lands
3. Construction of 66/22 KV GIS Substations at Henrietta, La Chaumière, Belle Vue, Côte d'Or, Wooton, Ebène, L'Avenir and Rose Belle
4. Setting up of an 8MW Solar PV Farm at Tamarind Falls, Henrietta
5. Installation of a 20MW Battery Energy Storage System at Amaury
6. Extension and Enhancement of distribution network
7. Installation of Solar Panel at the Mauritius Multisport Infrastructure Complex, Cote d'Or

Infrastructure Development (Rs 48.1bn)

Airport Development

1. Integrated Customs and Governmental Clearance Centre at the Airport
2. Construction of new runway at Plaine Corail
3. New Control Tower

Port Development

1. Procurement of two big and four small tugs
2. Acquisition of Ship-to-Shore Cranes
3. Rubber Tyred Gantry Cranes

3-Year PSIP - Major Projects in the Economic Sector (cont'd)

Infrastructure Development (Cont'd)

Road and Land Transport

1. Acquisition of Electric Buses
2. Construction of A1-M1 Bridge
3. La Vigie - La Brasserie - Beau Songes Link Road
4. Fly-Overs at Terre Rouge, Wooton, La Vigie and St Pierre
5. Construction of Bypasses at Bois Chéri, Verdun, Flic-en-Flac and Hermitage
6. Upgrading of Savanne Road A9 from La Flora to Tyack
7. Construction of arrestor beds at Valton and Soreze

Water

1. Riviere des Anguilles Dam and Water Treatment Plant
2. Desalination Project in Rodrigues
3. Upgrading of existing and construction of new Water Treatment Plants at La Nicoliere, Pont Lardier, Piton Du Milieu, Mont Blanc and Rivière du Poste
4. Rehabilitation of La Ferme Dam
5. Service reservoirs at Cluny, Riche en Eau, Salazie, Eau Bouillie, Alma and Nouvelle France
6. Pipe Replacement Programme
7. Water Tank Grant Scheme

Light Rail Network

1. Extension of Metro Line from Réduit to St Pierre and from Curepipe to La Vigie

Government Administration, Smart Cities and Business Parks (Rs8.9bn)

Government Administration and Other Projects

1. New District Council Head Office at Pamplémousses, Savanne
2. E-Passport Project
3. Revamping of the Mauritius National Identity Card System
4. Implementation of a Central Electronic Monitoring System - Gaming Machine
5. Integrated Single Window for Trade
6. Acquisition of Geotechnical Equipment
7. Research and Innovation Projects (MRIC)
8. Construction of Civil Service College at Reduit

Cote d'Or Integrated Smart City

1. Government Administrative Buildings
2. Data Technology Park
3. Other Development at Cote D'Or

SME & MME Development

Business Parks

1. Construction of 3 New Business Parks (Agro, Luxury & SME)
2. Setting up of SME Parks at Plaine Magnien, Vuillemin and Solferino

3-Year PSIP - Major Projects in the Social Sector

Education and Training (Rs 2.9bn)

Education Hub at Cote D'Or

1. MIE Campus
2. UTM Campus
3. Open University of Mauritius Campus
4. Education House (Incl. Academy for Education Professionals)
5. Academy of Design and Innovation (ADI) Eco Campus

Other Educational Infrastructure

1. Construction of Technical Education Centre at Ebene (ex- Sir Rampersad Neerunjun Training Centre)
2. UOM Hall of Residence at Réduit
3. Revamping of Professional Drivers Training Centre
4. Learning Swimming Pools at Plaine des Papayes GS, Melrose GS, Permal Soobrayen GS and Cascavelle GS
5. Multipurpose Hall at Floréal SSS, Sodnac SSS, Vacoas SSS and Bell-Village SSS; Playfield at Ebene (G) SSS
6. Construction of R. Prayag SSS
7. Regional Training Centre at Beau Vallon

Environment and Flood Control (Rs 13.6bn)

Climate Change

1. Restoration of Coral Reefs
2. Landslide Works at Chamarel, Coromandel, Baie du Cap, Montagne Ory, Macondé, Rivière des Creoles and Souillac
3. Rehabilitation, Protection and Management of Beaches, Lagoons and Coral Reefs Programme
4. Clean-Up Mauritius and Embellishment Programme
5. Green Economy Programme

Circular Economy

1. Setting up and Operating a Used Tyres

Drains Infrastructure

1. National Flood Management Programme

Solid Waste Management

1. Composting plant and sorting units
2. Scrap Yards for end-of-life vehicles

Healthcare and Pharmaceutical (Rs 7.8bn)

Healthcare Infrastructure

1. New Flacq Teaching Hospital – Phase 1 and Phase 2
2. State-of-the-Art Cardiac Centre at Cote D'Or
3. Modern Eye Hospital at Réduit
4. Community Health Centres at St Francois Xavier, Roche Bois, Grand Baie, Pointe aux Sables and Trou d'Eau Douce
5. Mediclinics at Stanley, Coromandel, Bel Air, Quartier Militaire, Chemin Grenier and Grand Bois
6. New Renal Transplant Unit at J. Nehru Hospital
7. Construction of Bambous AHC

Pharmaceutical Infrastructure

1. Modern Warehouse for pharmaceutical products at Cote D'Or
2. National Health Laboratory Services Centre at Cote D'Or
3. Production of Vaccine and Other Pharmaceuticals

3-Year PSIP - Major Projects in the Social Sector (cont'd)

Public Order and Safety (Rs9.0bn)

1. New Building for Forensic Science Laboratory
2. Mauritius Disciplined Forces Academy
3. New Fire Stations at Montagne Blanche, Goodlands and Quatre Bornes
4. Automated Fingerprint Identification System
5. Coastal Radar Surveillance System
6. Acquisition of one Advanced Light Helicopter and Passenger Variant Dornier

Community Development (Rs4.0bn)

1. Multipurpose Complexes at Rivière du Rempart, Abercrombie, Montagne Blanche, Roches Brunes, 16eme Mille, Surinam and Goodlands
2. Market Fairs at Goodlands, Bel Air, Chemin Grenier, Rose Belle, Mahebourg, Pamplemousses, and Curepipe
3. Small development projects in Mauritius, Rodrigues and Agalega financed from Government of India

Sports, Recreation, Arts & Culture (Rs2.0bn)

1. Village des Artistes at Batterie de L'Harmonie
2. Renovation of Plaza Theatre at Rose Hill
3. Multi Sports Complex at Triolet
4. New Building for the National Archives and National Library
5. Renovation of Port Louis Theatre Phase 2

Social Housing and Social Protection (Rs17.7bn)

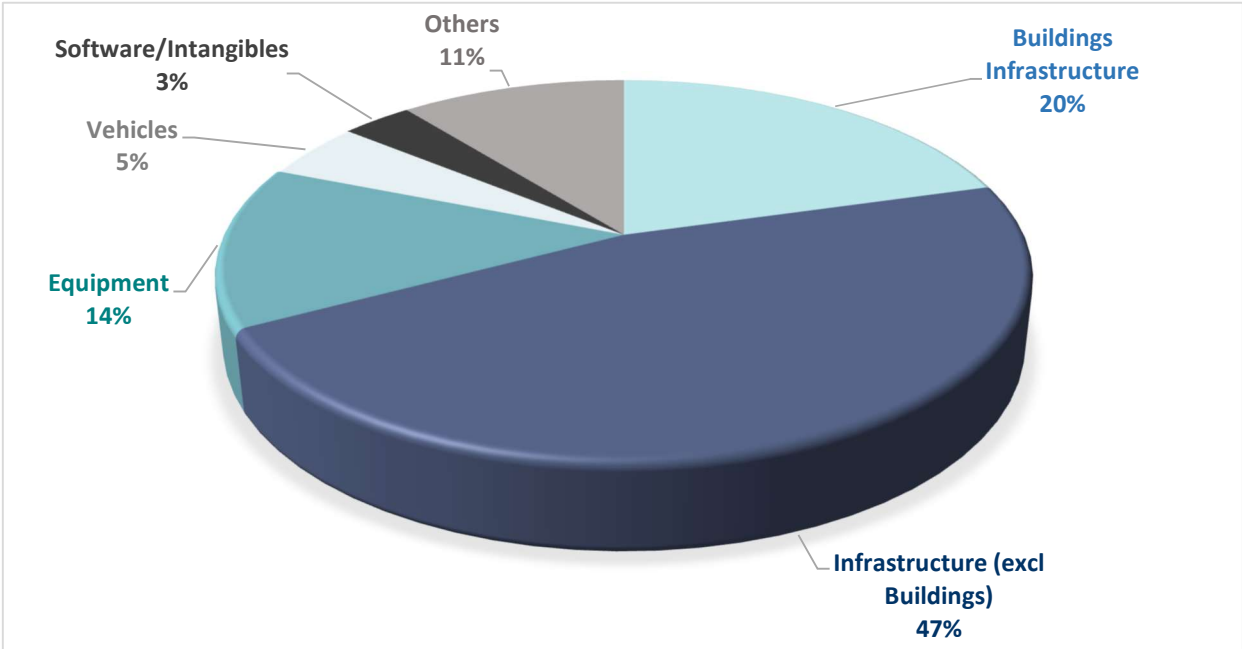

1. Construction of 1,800 Social Housing Units at Mare D'Albert, La Valette, Mon Goût and Agalega by NHDC
2. Construction of Social Housing Units by NSLD
3. Construction of Homes for the Elderly (Flic-en-Flac, Palmar)
4. E-Social Security Project

Wastewater (Rs 3.7bn)

1. Wastewater Pumping Station at Roche Bois and Wastewater Treatment Plant at Baie du Tombeau
2. Refurbishment Treatment Plant at St Martin and Montagne Jacquot
3. Wastewater projects in the region of Quatre Bornes
4. Sewerage Projects at Cité Vallée des Prêtres, Bernardin de St Pierre Road, Pailles Guibies, Grand Baie (Phase 1B), Morcellement Goolamally and Camp Rouillard

3-Year PSIP by Category of Investment

Figure 5: PSIP by Category of Investment

Other Infrastructure Works (excluding Buildings) will take up a large part of the planned investment, accounting for around 47% of the 3-Year PSIP. These will include, amongst others, roads projects, rehabilitation and construction of dams and service reservoirs, upgrading of amenities, extension of metro network, sewerage projects, construction of drains around the islands, solar photovoltaic farms and rehabilitation of public beaches.

Buildings will account for around 20% of the total PSIP. These will include the construction of social housing units by the New Social Living Development Ltd. and the National Housing Development Co. Ltd., the Mauritius Disciplined Forces Academy, the Civil Service College, market fairs, sports complexes, construction of Forensic Science Laboratory building, New Cancer Centre, Modern Eye Hospital, New Flacq Teaching Hospital, New Renal Transplantation Unit at Jawaharlal Nehru Hospital, amongst others.

14% of total 3-Year public sector investment will be spent for the acquisition of **Equipment** for the Healthcare Sector, the Department of Civil Aviation, Water Sector, National Coast Guard, IT Projects, amongst others.

Transport Equipment, which accounts for 5% of total PSIP includes the acquisition of vehicles for the Police Force and Fire and Rescue Services, aircraft and helicopter, Multipurpose Cargo Vessel, amongst others.

3% of total three-year public sector investment will be spent on **Software/Intangibles**.

The remaining 8% of total public investment relates to funds provided for schemes, capital grants to Extra Budgetary Units, research and innovation projects, acquisition of land and consultancy services.

Part A
Consolidated Fund
Special Funds
SOEs

A.1 Consolidated Fund

Projects that are funded through the Consolidated Fund constitute those projects for which funds are appropriated by the National Assembly for the Financial Year 2023/24 and planned for the two subsequent years 2024/25 and 2025/26.

These projects are executed by –

- (a) Ministries, Departments and Parastatal Bodies;
- (b) Local Authorities;
- (c) Rodrigues Regional Assembly; and
- (d) State-Owned Enterprises; the Government financing takes the form of grants, loans or equity injection.

Detailed list of projects funded through the Consolidated Fund is at **Annex I**.

Small Development Projects under Government of India Grant

The Government of Mauritius and the Government of India signed a Memorandum of Understanding (MoU), in January 2022, regarding an Indian Grant Assistance of Rs 400 million, for the implementation of small development projects, aimed at contributing to the socio-economic development of the Republic of Mauritius and improvement of public welfare.

The projects relate to sectors such as community development, women’s empowerment and child welfare, disaster risk reduction, among others.

The projects will be implemented by the Ministry of National Infrastructure and Community Development (National Development Unit), the Ministry of Local Government and Disaster Risk Management, the Ministry of Environment, Solid Waste Management and Climate Change and the Rodrigues Regional Assembly.

Government of India (GoI) is also providing a grant assistance of around Rs 90 million for the implementation of small-scale, people-oriented, developmental projects in Agalega. The projects relate to socio-economic development, particularly creation of infrastructure in community development sectors, livelihood activity renewable energy, among others.

A list of the projects is at **Annex I (a)**.

A.2 Special Funds

Special Funds that contribute to the financing of projects in the PSIP are listed in **Table 2** below. An amount of Rs 37.1 billion of public projects will be financed from these Funds over the next three years. A summary of planned expenditure by different Special Funds is provided below:

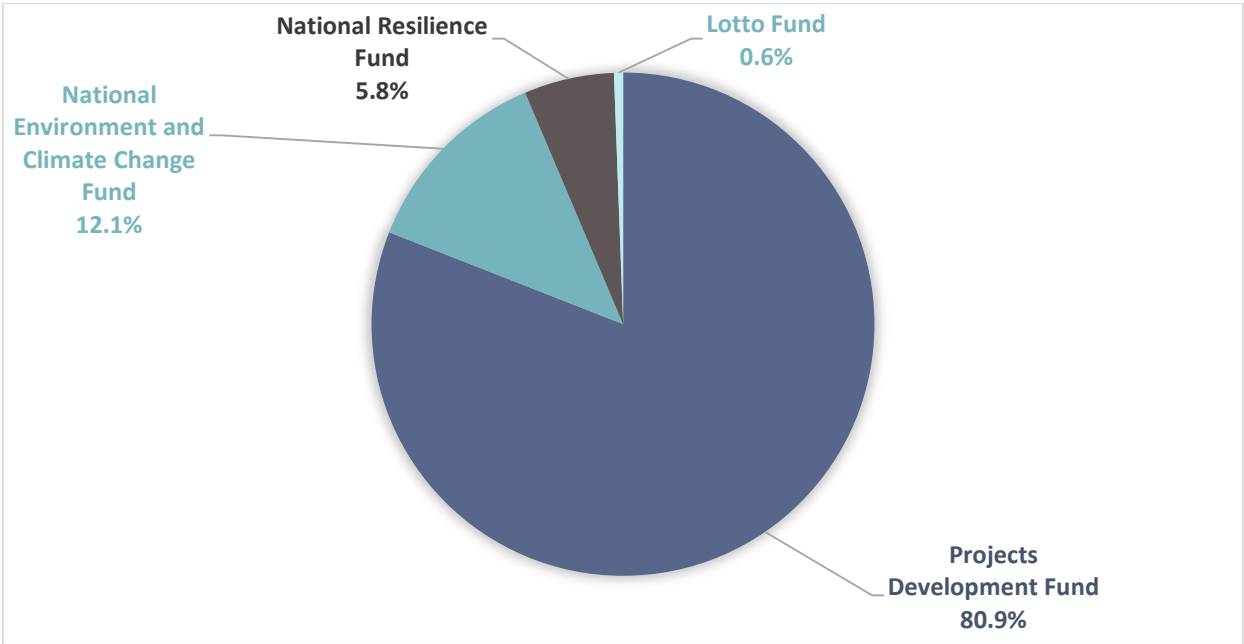

Table 2: Special Funds 2023/24 – 2025/26

Rs Million

Details	Estimates 2023/24	Planned 2024/25	Planned 2025/26	3-Year Total
Projects Development Fund	13,965	10,520	5,553	30,038
National Environment and Climate Change Fund	1,565	1,453	1,687	4,705
National Resilience Fund	632	878	638	2,148
Lotto Fund	102	64	52	217
Total Special Funds	16,263	12,914	7,931	37,108

The Projects Development Fund accounts for 80.9% of total Special Funds’ contribution to the PSIP. The National Environment and Climate Change Fund contributes to 12.1%, National Resilience Fund 5.8%, while the Lotto Fund accounts for the remaining 0.6%.

Figure 6: Investment - Special Funds

Further details on the expenditure to be made under the various Special Funds are provided in the ensuing sections.

A.2.1 Projects Development Fund

The Projects Development Fund (PDF) has been set up in April 2020 in the context of the implementation of an investment programme to allow the economy to bounce back from the negative impact of the COVID-19 pandemic. The PDF contributes to the financing of:

- (a) projects specified in the Public Sector Investment Programme;
- (b) such other projects, or such schemes or programmes, as the Minister may approve; and
- (c) consultancy, preparatory or advisory services in relation to projects, schemes and programmes referred to in subparagraphs (a) and (b).

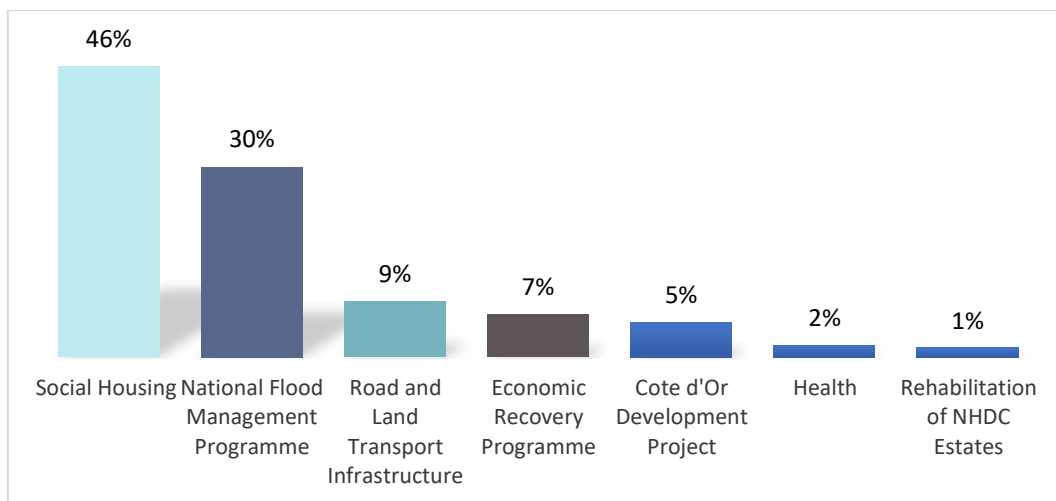

The PDF finances, amongst others, projects under the Economic Recovery Programme (ERP), drains projects under the National Flood Management Programme, the construction of social housing units and major road development projects.

Table 3: PDF by Programmes/Projects 2023/24 – 2025/26

					Rs Million
SN	Details	2023/24 Estimates	2024/25 Planned	2025/26 Planned	3-Year Total

	Total	400	158	109	1,039	1,706

** Status as at end May 2023*

More information on drain projects under the National Flood Management Programme is at **Annex II (a)**.

The **Economic Recovery Programme (ERP)** was one of the measures taken by Government to boost economic recovery during the COVID-19 pandemic period. The Programme comprised small development projects in various sectors (as listed in the table below). All the projects are expected to be completed by the end of FY 2023/24.

Table 5: ERP 2023/24 by Sector

		Rs Million			
SN	Sector	2023/24 Estimates	2024/25 Planned	2025/26 Planned	3-Year Total

2	Infrastructure Development	894	-	-	894
3	Environment Protection and Embellishment	21	-	-	21
4	Water Distribution	8	-	-	8
	Total	2,013	-	-	2,013

More information on the Economic Recovery Programme is at **Annex II (b)**.

A.2.2 National Environment and Climate Change Fund

The National Environment and Climate Change Fund (NECCF) was created in 2002 to finance environment-related projects. The main objectives of the NECCF are, amongst others, to:

- (a) carry out programmes aimed at reducing pollution;
- (b) encourage education and research in the field of environment;
- (c) provide support to NGOs which are engaged in environment protection;
- (d) encourage local environmental initiatives;
- (e) promote activities relating to environment protection and management; and
- (f) compensate victims in situations of environmental emergency and spills.

The NECCF covers projects, programmes and schemes in the following main areas:

- rehabilitation, protection and management of beaches, lagoons and coral reefs;
- management of solid waste;
- disaster risk reduction;
- cleaning and embellishment works; and
- landslide management, green economy and environment protection.

Table 6: NECCF by Programmes/Projects 2023/24 – 2025/26

					Rs Million
SN	Details	2023/24 Estimates	2024/25 Planned	2025/26 Planned	3-Year Total
1	Clean-Up Mauritius and Embellishment Programme	523	317	281	1,121
2	Rehabilitation, Protection and Management of Beaches, Lagoons and Coral Reefs Programme	278	326	489	1,093
3	Landslide Management Programme	200	389	385	975
4	Solid Waste Management Programme	167	220	311	698
5	Environmental Monitoring Programme	190	59	71	321
6	Green Economy	44	80	129	253
7	Promotion of Circular Economy	120	46	6	173
8	Disaster Risk Reduction Operations	36	10	10	56
9	Flood Management Programme	5	5	5	15
10	Environmental Awareness and Culture	2	-	-	2
Total		1,565	1,453	1,687	4,705

Projects funded under NECCF are shown at **Annex III**.

A.2.3 National Resilience Fund

The National Resilience Fund (NRF) was created in January 2012 to strengthen the resilience of the domestic economy.

The objects of the Fund are, amongst others, to:

- (a) support enterprises that show concrete efforts at building permanent resilience;
- (b) act as a contingency fund to shore up public finances if required;
- (c) strengthen the resilience of the economy
- (d) finance programmes, projects and schemes:
 - (i) to empower vulnerable persons and provide job opportunities for young people
 - (ii) in support of SMEs and enterprises in general, to foster and support their long-term restructuring and deleveraging while providing short-term breathing space, especially on cash flow problems and financing requirements;
 - (iii) to enable SMEs and enterprises in general to innovate and acquire technology that enables them to grow and become more productive and globally competitive;
 - (iv) to enable SMEs to have access to industrial space at affordable rates;
- (e) support restructuring of SME service-providing institutions to allow them to provide better and more effective service;
- (f) finance promotional campaigns in support of enterprises to consolidate traditional markets and enter into regional as well as new fast growing emerging markets; and
- (g) support the creation of new financing instruments and the development of new economic sectors.

Table 7: National Resilience Fund by Programmes/Projects 2023/24 - 2025/26

Rs Million					
SN	Description	2023/24 Estimates	2024/25 Planned	2025/26 Planned	3-Year Total
1	Food security	178	374	179	731
2	Health	200	200	200	600
3	Sports, recreation, arts and culture	154	219	174	547
4	Community development	100	85	85	270
Total		632	878	638	2,148

Projects funded under NRF are shown at **Annex IV**.

A.2.4 Lotto Fund

The Lotto Fund was created in October 2016 to contribute to the financing of projects, schemes and events in relation to:

- (a) sports, culture, leisure, heritage or art development;
- (b) preservation and rehabilitation of historical and cultural heritage sites and structures;
- (c) community development, education, health;
- (d) innovation initiatives;
- (e) protection of environment; and
- (f) support to victims of natural calamities.

Projects funded under Lotto Fund are shown in **Annex V**.

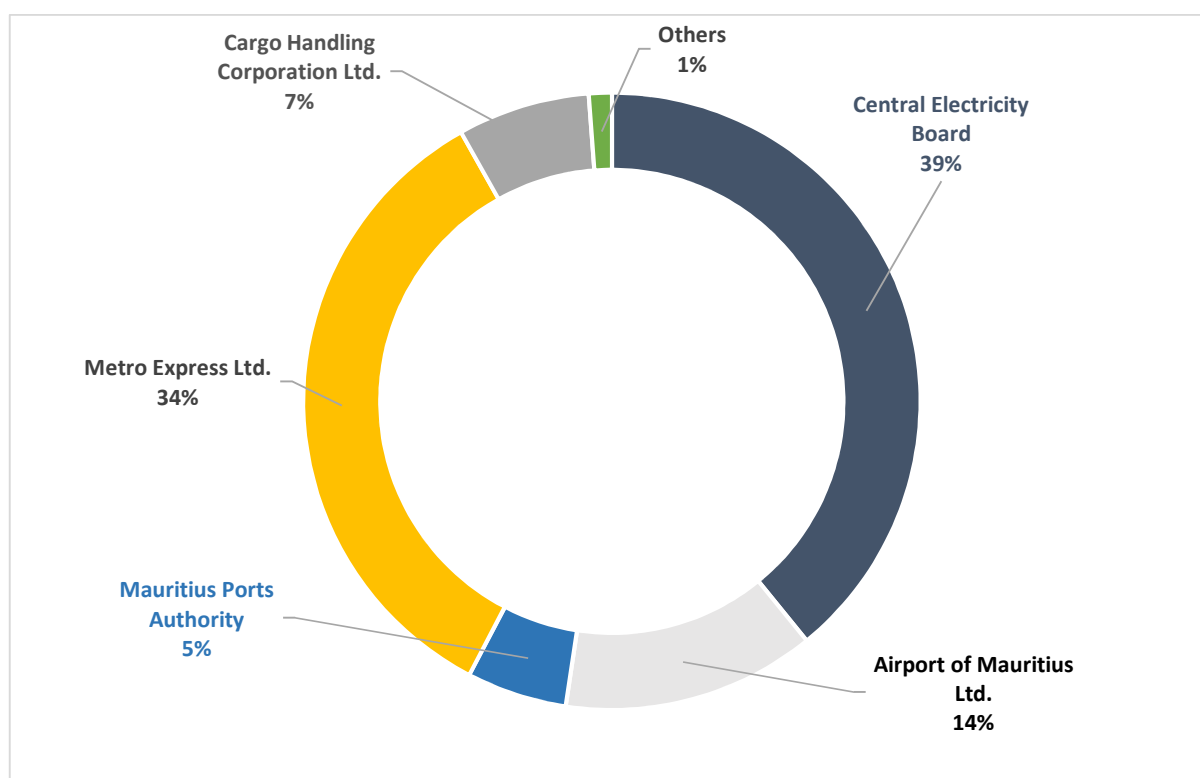

A.3 State-Owned Enterprises (SOE)

Major capital projects undertaken by SOEs are included in the PSIP.

Table 8: Investment by SOEs for FY 2023/24 – 2025/26

					Rs Million
SN	State-Owned Enterprise	2023/24 Estimates	2024/25 Planned	2025/26 Planned	3-Year Total

Social Housing Units by the New Social Living Development Ltd.

The New Social Living Development Ltd. (NSLD) has been tasked to construct social housing units. A total of Rs 17 billion has been earmarked as contribution to NSLD under the PDF.

Figure 9: Map of NSLD Social Housing Projects Around the Island

Côte d’Or Integrated Smart City by Landscape (Mauritius) Ltd

The Government of Mauritius is developing, through Landscape (Mauritius) Ltd [Landscape], the Côte d’Or Integrated Smart City (The City) project over a total area of about 920 hectares (2,179 arpents) to redefine and modernise the physical landscape of Mauritius.

The City is being developed on an extensive tract of prime land strategically located in the centre of the island at Côte d’Or, adjacent to existing important developments and substantial planned future developments. It is the largest urban expansion project having been identified in the National Planning Strategy for over a decade.

The growth of The City will be matched by public investment in physical and social infrastructure including schools, health and community facilities, public transport connections and streetscape and related enhancements including modern transport and services infrastructure.

Government has already invested in a Multi Sports Complex of international stature. Development of a Data Technology Park has started and is due to be completed in August 2023. Moreover, it is the intention of Government to further invest in the construction of Government buildings to accommodate some key Government departments/offices.

This vision and clear development framework provide significant opportunities to private promoters to invest in a wide array of projects, from flagship buildings to medium and small-sized projects. The City will promote the development of projects with a view to boosting economic activities.

Landscape is looking forward to forming long term alliances with the business community and entrepreneurs to deliver world class facilities and amenities at The City.

The project and the promoters therein will benefit from the incentives under the Smart City Scheme.

The City will comprise the following main developments –

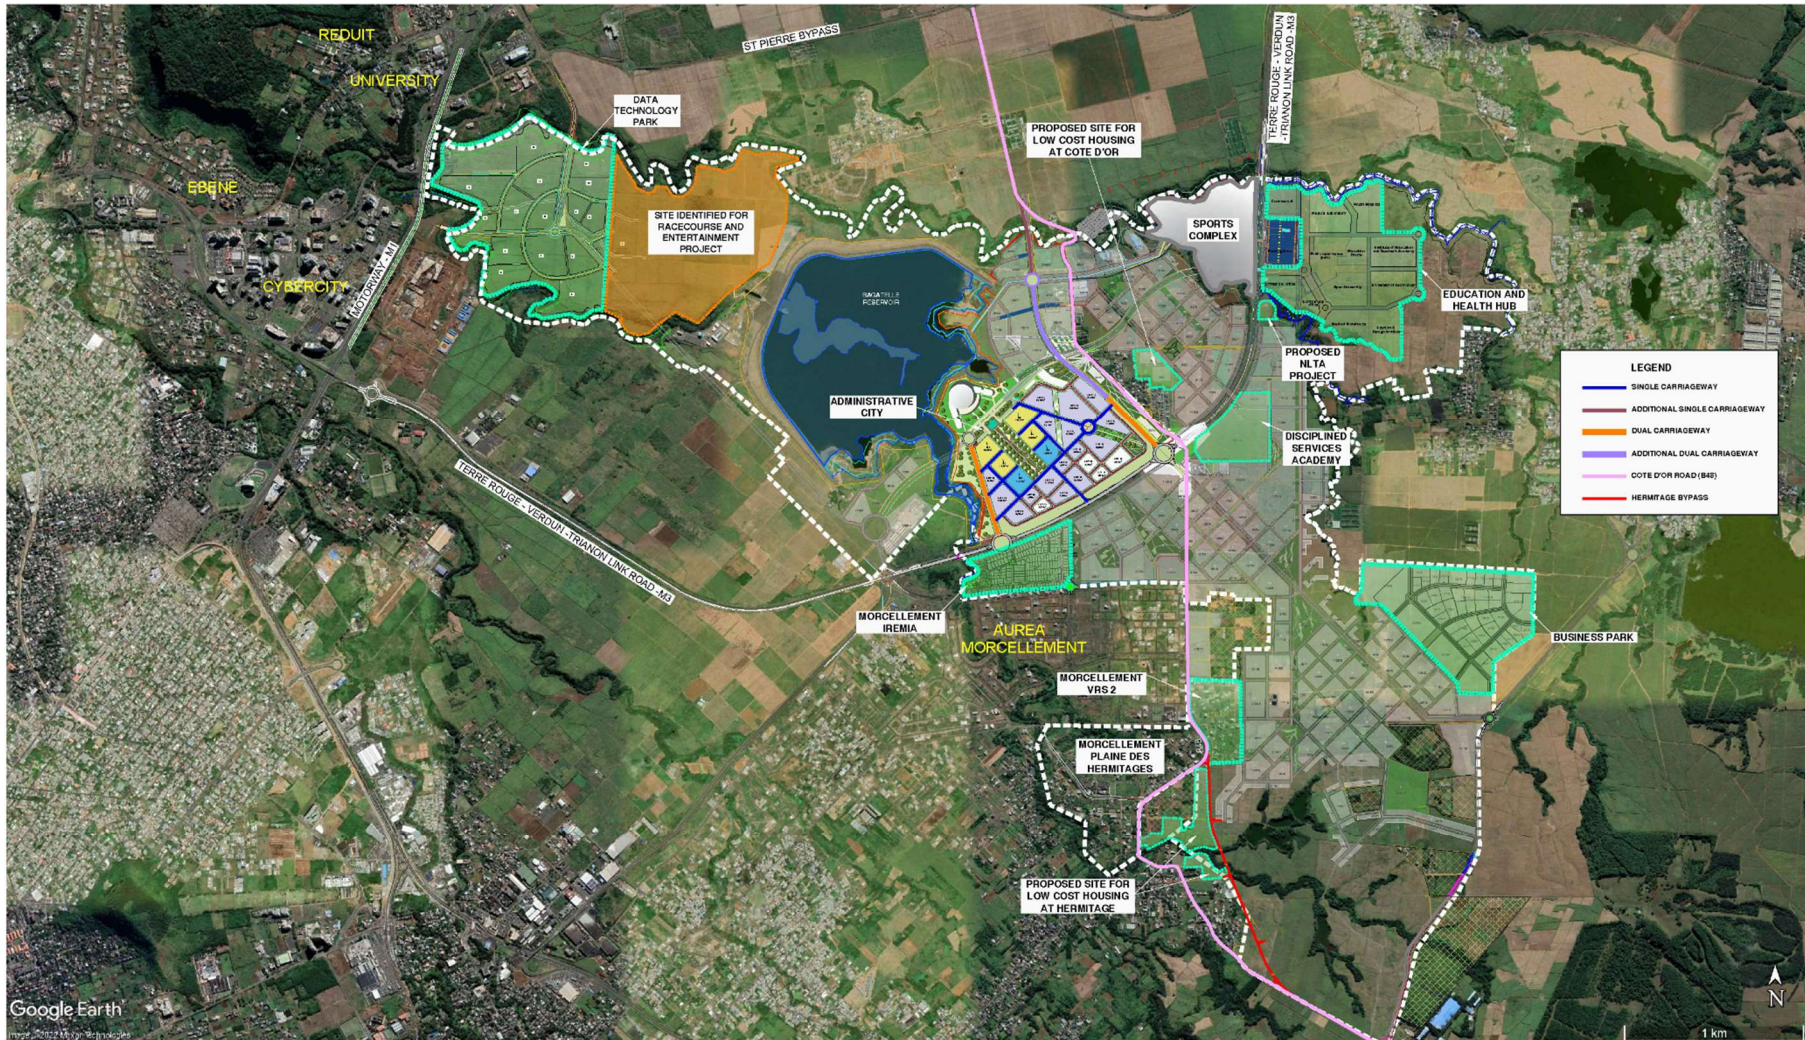

- (i) Government Administrative Buildings;
- (ii) Data Technology Park;
- (iii) Education Cluster;
- (iv) Health Cluster; and
- (v) Mauritius Disciplined Forces Academy, amongst others.

Note: There are other developments in preparation at Côte D’Or which are not captured under this Section as they have implementing agencies other than Landscape.

An overall Masterplan for The City has been finalized. An outline is provided at **Figure 10** on the following page.

Further notes on some of the main developments at The City are provided in the ensuing sections. More detailed information about the Masterplan is available at Landscape.

Figure 10: Outline of Masterplan of The City at Côte d'Or

Government Administrative Buildings

Construction of Government buildings on some 15 arpents of land fronting the Bagatelle Dam to serve as the locus of State Administration where Government functions will be centralised.

In a first instance, four buildings will be constructed to accommodate more than 5,000 public officers. Subsequently, in a second phase, two other buildings will be erected.

Data Technology Park

A Data Technology Park is being developed on some 145 arpents of land at Minissy, Moka. Some of the projects include:

- (a) a High-Tech Medical cluster in Mauritius;
- (b) an SME Accelerator, Bio-Tech & Fintech Lab & Office Complex;
- (c) offices focused primarily on ICT Operations;
- (d) development of a data-driven solution hub within the Deep Artificial Intelligence Centre;
- (e) digital transformation incubator at Côte d'Or's Business Operations Centre;
- (f) setting up of a Food Technology Centre of Excellence including research, production, warehousing and logistics facilities;
- (g) health and wellness centre to promote physical and mental health;
- (h) Business Operation Centre; and
- (i) mixed-use project, etc.

Education Hub

The following projects are being envisaged in the Education Hub –

1. Open University of Mauritius Campus

Construction of a new, modern, eco-friendly and smart campus that will boost students' satisfaction and success while providing a better workplace for its staff. The project consists of an Academic Block of 10,000m² and an Administrative Block of 8,000m². The project is self-financed by the Open University. Estimated project cost is Rs 1.5 billion and construction is expected to start in June 2024.

2. University of Technology Mauritius Campus

Construction of a new campus at Côte d'Or and the setting up of centres of excellence for research, innovation and consultancy at the following schools of study –

- (i) a Centre for Gender, Diversity, Employment and Environment at the School of Sustainable Development and Tourism;
- (ii) a Centre for Teaching, Learning and Leadership at the School of Business, Management and Finance;
- (iii) a Centre for New Frontiers at the School of Innovative Technologies and Engineering; and
- (iv) a Centre for Sports and Wellbeing at the School of Health Sciences.

The project cost is estimated at Rs 2.2 billion and will be undertaken on a PPP mode and construction is tentatively expected to start around December 2024.

3. Mauritius Institute of Education Campus

Construction of a new campus with up-to-date modern facilities to better “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all”. The courses dispensed by the Institute will be made accessible for international students; thus, enabling the Institute to position itself as an educational hub for Teacher Education in the region.

The estimated cost is Rs 1 billion and the project will be implemented under a PPP mechanism.

The MIE new campus will consist of a 10-storey building along with all amenities. The proposed Campus at Côte d’Or Education Hub will encompass the following:

- (i) green concept in harmony with nature under the concept of sustainability;
- (ii) provision of facilities that will promote quality education; and
- (iii) working spaces designed for more than one person, rather than single occupancy with the concept of plug and work.

4. Education House

Construction of an Education House on some 7.5 arpents of land to enable the various units of the Ministry to be located in one building, along with some other key newly set up agencies, thereby improving service delivery and effectiveness.

The Education House project will provide office space for around 600 staff, lecture theatres, conference rooms, audio visual rooms, an Information Resource Centre, parking slots and activity space (both indoors and outdoors).

The Education House will also include the Academy for Education Professionals (AEP) which will infuse Continuous Professional Learning and Development programmes among administrative, teaching and non-teaching staff of the Education Sector in Mauritius as well as to build capacity within the proposed Education Hub.

The Academy will focus on the empowerment of Educators, thereby enabling them to become more innovative in their pedagogy and delivery as compared to the MIE which focuses on pre-service training and in-service programmes leading to degree and post graduate qualifications. Estimated cost is Rs 1 billion and PPP route will be followed.

5. Academy of Design and Innovation (ADI) Eco-Campus

Construction of a world class Eco-Campus for the ADI on an extent of 10 arpents at Côte d’Or to house a Faculty of Graphic & Multimedia; a Faculty of Research & Design Development; a School of Jewellery & Manufacturing; a Faculty of Fashion & Textile; a Faculty of Design, Materials & Artefacts; and a Faculty of Interior and In-built Environment; among others.

The design of the Eco-Campus will be aimed at reducing carbon footprint with green building standards, energy efficiency and conservation concepts and practices.

The total cost of the project is expected to be around Rs 1 billion; to be implemented in phases.

Health Cluster

The following projects in the Healthcare and Pharmaceutical sector are planned –

1. New Warehouse for Pharmaceutical and Other Medical Products

Construction of an eco-friendly building, on approx. 10 arpents, in line with best storage practices and in accordance with the guidelines issued by the WHO, for the storage of pharmaceutical products, medical consumables, non-medical products and dangerous and controlled drugs.

The building will be around 30,000 m² and is expected to cost Rs 2.2 billion. Construction is expected to start in December 2023 and end by September 2025. The PPP route will be followed.

2. New Cardiac Centre

Construction of a new state-of-the-art Cardiac Hospital of around 17,000 m² to cater for specialized treatments in cardiology and related fields.

It is estimated that the new Cardiac Centre will cost around Rs 1.6 billion. Construction is expected to start in December 2023 and end by September 2025. The project will be implemented under a PPP mechanism.

3. New National Health Laboratory

Construction of an eco-friendly state-of-the-art National Health Laboratory building of around 11,000 m² on a plot land of approx. 10 arpents. The building will be designed according to International infrastructural and ISO standards which will include a BSL-3 level Laboratory and will aim to become a Supra-National Reference Laboratory in the region.

The estimated cost is around Rs 1.2 billion. Construction is expected to start in December 2023 and end by September 2025. The PPP mechanism will be adopted.

4. AYUSH Centre of Excellence

Government has agreed to construct an AYUSH Centre of Excellence at Côte d’Or in collaboration with the Indian Authorities.

The Centre will be an eco-friendly facility on a plot land of approx. 10 arpents at Côte d’Or comprising the following main components:

- **Treatment Centre of Excellence**

Outpatient and inpatient departments (approx. 100 beds) that will house the best AYUSH practitioners and facilities in all of Africa.

- **Training College & Research Centre**

The Centre will provide best-in-class teaching and training, research facilities, student exchange programmes. Students from Mauritius as well as the entire African continent will benefit from various international AYUSH certification courses.

- **Wellness Centre**

The Centre will offer therapies and treatments through Yoga, Ayurveda, Naturopathy etc.

- **Promotion of Indian AYUSH Medicines & Products**

The centre will also promote Indian medicinal and herbal products throughout the African continent.

A Consultant has been appointed and is preparing a Detailed Project Report (DPR) for the project which will provide the detailed engineering and cost of the project.

Part B

**Private Participation
in Public Projects
(PPP)**

B: Private Participation in Public Projects

Greater emphasis is being placed on partnering with the private sector for the implementation and management of public infrastructure projects. The private sector can bring in their financing capability, their skills and technical knowhow in the construction sector and on their expertise in managing and operating infrastructure.

Private participation in public projects creates a synergy between the public and the private sector with clear agreement on shared objectives for the delivery of public infrastructure and/or public services by the private sector that would otherwise have been provided through traditional public sector procurement.

A wide range of these arrangements exists, differing in purpose, service scope, legal structure and risk sharing. One end of the spectrum would be an outsourcing of some routine operation, while the other would involve the private sector conceiving, designing, building, financing, operating and maintaining a project, thereby taking a considerable proportion of risks.

Suitability of implementation of public sector projects as PPPs are assessed using the following criteria:

- (i) value for money: comparison between the traditional and the PPP approach;
- (ii) optimum risks allocation: can risks be allocated to the party which can manage them more efficiently?; and
- (iii) affordability: can Government bear the cost implication of the project if implemented under a PPP?

On the basis of the above criteria, 31 projects have identified for potential implementation under the PPP route and cover a wide range of priority strategic sectors –

- Food Security;
- Energy Self-Sufficiency;
- Infrastructure Development in the following sectors:
 - Port;
 - Airport;
 - Roads and Land Transport;
 - Water and Wastewater;
 - Environment; and
 - Education and Training;
- Healthcare and Pharmaceutical Industry;
- Integrated Smart City Development at Côte d’Or; and
- Business Parks Development (Agro, SME and Luxury).

These projects are at various stages of the preparation process. A list of these projects is at **Annex VII**.

Part C

Projects Pipeline

C: Projects under Preparation

The Public Investment Management Unit (PIMU) team of the Ministry of Finance, Economic Planning and Development (MoFEPD) appraises and selects project proposals for preparation and subsequent implementation based on five dimensions, namely –

- **Strategic case:** sets out the rationale for the proposed investment and makes the case for change at the strategic level;
- **Economic case:** assesses the economic costs and benefits of the proposal to society as a whole, over the lifespan of the project including consideration of alternative options for achieving the desired objective;
- **Commercial case:** examines procurement requirements and assesses their importance for project delivery;
- **Financial case:** assesses affordability and sources of funding over the lifespan of the project, including any contingent liabilities; and
- **Management case:** sets out the project management responsibilities with clear milestones, governance and reporting arrangements.

In addition, sustainability aspects of the project (climate change and environment issues) as well as its resilience to risk and inclusiveness are assessed.

For projects under preparation, funds are earmarked under the Vote ‘Centrally Managed Initiatives of Government’. Funds are provided for feasibility studies, geotechnical investigation, design and preparation of bid documents, amongst others.

Furthermore, with a view to obtaining projects that constitute value for money and are ready for implementation by the start of any financial year, a call for expression of investment intentions from line ministries is made every year in September. This ensures sufficient time for project preparation, which should culminate in well prepared projects ready for implementation for the following financial year/s.

This pipeline of projects under preparation would provide greater visibility to investors and other providers in the supply chain, and help Government and the private sector to plan their resources accordingly.

For FY 2023-2024, 207 project intentions are included in the PSIP further preparatory works. A list of these “Project Under Preparation” is at **Annex VIII**.

Part D

Follow Up and Monitoring

D: Project Implementation and Monitoring

The Project Implementation and Monitoring Agency (PIMA), set up under the Ministry of Finance, Economic Planning and Development (MOFEPD), closely follows up and monitors the implementation of major infrastructure projects as well as non-infrastructure budgetary measures. ensures the smooth and timely implementation of.

The major National Interest Projects include projects in the Health, Education and Road sectors, Residential Housing Units, Metro Express, Urban Terminals and Drains projects, amongst others.

The aim of the PIMA is to promptly identify constraints and bottlenecks preventing timely implementation of projects and bring workable solutions to address same.

PIMA also works with public bodies to propose reforms to improve the implementation process. Its findings and recommendations are submitted to the PIMA Committee chaired by the Financial Secretary and, subsequently, to the Coordination Committee under the aegis of the Prime Minister's Office.

PIMA is developing a new dynamic e-Platform that will allow monitoring of projects/measures on a real-time basis to improve project implementation rate.
